

- Car Sharing-

Kilometro Rosso has signed an agreement with E-Vai to provide an electric car sharing service on the campus, joining a Lombardy network of over 140 E-Vai POINTs.

Company	EVai S.r.l.
How It Works	<p>E-Vai offers a regional electric car sharing service, available 24/7, with over 140 parking and charging stations located in key areas of interest (such as city capitals, airports, and train stations) across 80 municipalities in the Lombardy region.</p> <p>The E-Vai Point at the Kilometro Rosso Campus is located between GATE 3 and 4.</p> <p>At the E-Vai Point, you can pick up or return your previously booked vehicle using the "E-Vai" app, the website, or by calling the toll-free number.</p> <p>When using the E-Vai car sharing service, the cost of electricity is always included. In many municipalities, you are also entitled to free access to limited traffic zones (e.g., Area C in Milan) and free parking in yellow/blue parking spaces.</p> <p>If needed, customer support is available via phone using the contact number provided in the "Contacts" section.</p> <p>There is also a corporate service designed to meet the needs of businesses. To learn more, visit the dedicated page on the E-Vai website.</p> <p>For additional information regarding the service, rates, payment methods, or participating municipalities, visit the website at www.e-vai.com.</p>
Contacts	<p>App "E-Vai" available on App Store and Google Play</p> <p>Website www.e-vai.com</p> <p>Customer Care 800.77.44.55</p>
Validity	Since May 2021

Service **CAR SHARING ELECTRIC VEICHLES**

At the Kilometro Rosso campus parking area, there is an E-Vai POINT where you can pick up a pre-booked electric vehicle.

Before using the service, you must register via the E-Vai app or website. To create your account, enter your personal details, upload a valid driver's license, and select your preferred pricing plan.

Once your registration is confirmed, the final step is to add a valid payment method.

HOW IT WORKS

You can book a vehicle in advance through:

- E-Vai App – available on App Store and Play Store
- Website – www.e-vai.com
- Phone – Call 800 77 44 55

At the scheduled booking time, you can unlock the vehicle at the designated E-Vai POINT via the app (the car will open within 30 seconds).

Inside the vehicle, you'll find the keys in their designated holder and a charging card for electric vehicle recharging.

Tessera per ricarica veicoli elettrici

Chiavi veicolo

To open the charging flap, press the dedicated button—identified by the power plug symbol—located on the dashboard at the lower left of the steering wheel.

Take the charging cable from the car's trunk and insert it into the vehicle's socket, located beneath the manufacturer's logo at the front of the vehicle.

Hold the charging card against the station's reader and connect the cable to the station's socket to start charging. If the procedure is successful, the message "Charging" will appear on the vehicle's display. Store the charging card in the glove compartment and place the keys in the designated holder.

Supporto chiavi veicolo

If the keys are correctly placed in the holder, four confirmation beeps will sound. You can now lock the vehicle and end the rental.

For more information about the service, rates, payment methods, or participating municipalities, visit the website www.e-vai.com.
